Subject: A1701013 et al. Email Ruling Granting California City County Street Light Association Party Status

This Email Ruling grants the motion of the California City County Street Light Association (CALSLA) requesting party status in consolidated Applications 17-01-013, 17-01-014, 17-01-015, 17-01-016 and 17-01-017 (A.17-01-013 et al.). As described below, CALSLA's request is granted because it meets the requirements of Commission Rules of Practice and Procedure, Rule 1.4(b).

On June 21, 2017, CALSLA filed a motion requesting party status in A.17-01-013 et al. CALSLA states that it represents all California cities and counties that take electric service from investor owned utilities. CALSLA states it is interested in rebates for energy efficient street lighting upgrades. CALSLA states that it intends to review energy efficient rebates and incentives available to street light systems, including light emitting diode (LED) street lights and street light control modules.

Rule 1.4(b) of the Commission's Rules of Practice and Procedure requires that a person seeking party status by motion fully disclose the persons or entities in whose behalf the filing is made, the interest of such entities, and the factual or legal contentions that the entity intends to make. In its motion, CALSLA describes who it is, what its interest are, and its factual or legal contention, thus complying with Rule 1.4(b). Therefore it is reasonable to grant the motion for party status filed by CALSLA.

It is Ruled that the California City County Street Light Association is granted party status in A.17-01-013 et al.

The Docket Office shall formally file this Email Ruling.
